NOBLE POPLIN

**Cross the bridge
when it's time,
but remember to do so
wearing a Poplin
of Thomas Mason.**

If you are looking for a finer and more elegant Poplin, there is no better place than this. Just browse few pages to discover the classic designs of Buckingham, the preciousness of Emerald and the silkiness of Sovereign and finally, our diamond Cullinan. All superfine and compact, these fabrics are made with the best cotton in the world, Giza 45. Touch them with your hand and feel their lightness, admire them with your eyes and let them illuminate you with their extraordinary brilliance.
